

WELCOME, SPIRITUAL RETREATANTS!

Earth Journey is a center for the journey in spirit, through meditation, contemplation, and practice.

We have available campsites, small cabins, and a house for groups or individuals within spiritual paths and formal practices that develop love and compassion. These facilities have been consecrated and blessed by spiritual masters.

Campsites:

We are blessed with a Tibetan Buddhist stupa - Kagyu Mila Guru Stupa - surrounded by 20 campsites shaded in pinon and juniper woods, situated near a bathhouse with toilets and showers, and small kitchen. Campers bring their own equipment and food, which may be prepared and stored/refrigerated in the kitchen.

COST: sliding scale, \$10-15 per night, \$250-375 per month

INTERVALS OF STAY: up to one month. Longer stays may be discussed with an Earth Journey representative

Small Cabins:

There are two 12 x 16-ft. cabins, situated within 100 paces of the Stupa and kitchen/bathhouse and each other. They are enclosed and weatherproofed structures, with small porches. There is no wi-fi, heat, or electricity. They are equipped with beds, dharma furniture, and battery-powered lamps. Some sheets and blankets are supplied.

COST: sliding scale, \$15-20 per night, \$375-500 per month

Dharma House:

This two-bedroom house is privately situated at the edge of Earth Journey land, adjacent to campsites. It has a fully-equipped kitchen, bedroom, bathroom, practice space, large front porch, and washer/dryer. Bedding supplied. Wifi equipped. Retreatants bring their own food and personal supplies. Retreats may be cloistered. It is possible that local attendants may be made available.
